

The Shore Club Semi-Monthly News

April 15, 2010

Need Insurance Certificates? Contact Advanced Insurance Underwriters insurance department at 954-889-3242, or fax your requests to 954-963-9776.

Spring brings the Shore Club Finches-Just like the famous Swallows of Capistrano, Finches return to the Shore Club each spring. The finches bring their showy purplish plumage and their melodious song to beautify our spring and summer. As you enjoy the spring, be sure to look and listen for our returning little friends.

Suggestions/Comments Welcomed What's going well? What can be done differently? There is a "Suggestion box" located in the south office and residents are encouraged to provide their feedback.

Club Room Reminders- You **must** turn in the Club Room Reservation form with a \$200 deposit check **before** the room will be reserved in your name. If there will be 30 or more people in attendance you must pay for a security guard before your gathering. The Club Room is not available for reservation on Holidays and Holiday weekends.

KEYS-Florida statues require the association to have current keys for all units. If you have recently changed your locks please make sure you give the office an updated key. Keys are kept in the South Office and should be given directly to Marylou, please do not leave the keys with security.
